WORK EXPERIENCE

⊞ *Webia Academy* – Patras, Greece

City: Patras | **Country:** Greece

Full Stack Developer

[31/12/2020 – Current]

- Full-stack development of **JOB1.GR**, a modern job search platform connecting employers with candidates (PHP, JavaScript, jQuery, HTML/CSS, MySQL) using MVC architecture.
- Contributed to the ongoing development of the **Webia Academy ERP**, an internal student and admin management platform. Worked on feature expansion, code refactoring, and system optimization across multiple module.
- Contributed to the development of **Webia.education**, the main **OpenCart-based platform** for promoting and managing WEBIA Academy seminars.
- Designed, developed, and maintained additional custom web applications to meet business needs, using PHP, JavaScript, jQuery, HTML/CSS, MySQL, RESTful API integration, database optimization, implementing performance and feature enhancements.

Additional Contributions:
- Provided mentorship and technical support to students on software development projects, strengthening team communication and leadership.
- Gained exposure to modern stacks (React, Node.js, MongoDB), enhancing adaptability in dynamic tech environments.
